

FANG - SMALL BATTERY AUTOMATIC SCRUBBERS

The FANG 20 and 20T offer up to 21,000 sq. ft / hr of cleaning productivity. The FANG20 offers pad assist drive, while the FANG20T offers variable speed transaxle drive. Both 20-inch scrubbers offer 13-gal of solution capacity and 15-gal of recovery capacity. H.D. aluminum squeegee assembly and an on-board automatic charger is standard.

VIPFANG20 - \$4,999.00

FANG - CORD ELECTRIC AUTOMATIC SCRUBBER

The FANG18C cord-electric automatic scrubber offers an 18" cleaning path and can clean up to 18,000 sq' / hr. With 8-gal of solution capacity and 11-gal of recovery capacity, this scrubber is perfect for scrubbing in small areas. Rototionally molded tanks, simple, easy-to-use controls and a cast aluminum squeegee assembly are all standard on the FANG18C.

VIPFANG18C - \$1,772.33

SLIDER - SELF-CONTAINED CARPET EXTRACTOR

The SL1610SE self-contained carpet extractor holds 10-gal of solution and has 7-gal of recovery capacity. The Slider also has a 16" cleaning path, with a 3-stage vacuum motor, 100 psi pump, large stair climbing wheels, a 50-ft power cord, twist-out jets and a flip open design for easy service.

VIPSL1610SE - \$1,748.25

BARRACUDA - DUAL MOTOR UPRIGHT VACUUM

The CUDA26 is the most economical way to vacuum large carpeted areas. The housing is made of durable rotomolded polyethylene, and includes a 2-stage vacuum motor and a separate brush drive motor. The machine has a 26-inch cleaning path, 50-ft power cord and easy to use controls. You can even attach optional accessories!

VIPCUDA26 - \$1,181.25

WOLF - 1 GALLON CARPET SPOTTER

The WOLF130 carpet spotter is the most maneuverable spotter available today. Large rear transport wheels and a front castor eliminate the need for a cart. The machine comes standard with a 2-stage vacuum motor, 30 psi pump, 5" hand tool, 30-ft power cable and 10-ft of vacuum and solution hoses.

VIPWOLF130 - \$492.20

VENOM - 1500 RPM BURNISHER

All metal construction makes the Venom 20", 1500 rpm burnisher a solid choice for all cleaning professionals. The 1.5 hp dc rectified motor spins the flexible pad driver at 1500 rpm. The VN1500 includes large transport wheels, 50' power cord, circuit breaker and a safety lock-out switch.

VIPVN1500 - \$1,081.20

VENOM - 1.5 HP LOW SPEED FLOOR MACHINES

Viper offers 3 different configurations of the Venom 1.5 HP low speed buffers. Each Venom low speed offers a 1.5hp dual capacitor motor, all steel gear box, all metal construction, 50-ft. power cord, circuit breaker protection and a pad driver in the box!

Venom low speeds are available as a 17-inch single unit (VN1715), a 20-inch single unit (VN2015) or the popular VN1720P Package, which includes the following items in the box:

VN2015, 17" deck, wet floor sign, solution tank, 19" & 16" pad drivers.

VIPVN1720P - \$958.33
